INDUSTRIAL EMERGENCY COUNCIL
Emergency Response Training

Hazardous Materials

ASSISTANT SAFETY OFFICER

NOVEMBER 4 & 5, 2026

In this 16 hour course, participants will learn to identify, inventory, and analyze the hazards and risks involved in an incident and take appropriate action, either through direct intervention or by contacting the responsible supervisor with recommendations for minimizing risk. This course meets the requirements which state “At least one member of the hazardous materials response team be trained to a minimum of Assistant Safety Officer.” The Assistant Safety Officer coordinates safety activities directly relating to the HazMat Group operations as mandated by 29 CFR 1910.120 (q).
